MINERAL WALL SLABS & TILES

A NEW CATEGORY APPROACH TO WALL SURFACES

This mineral wall system combines exceptional lightness with an ultra-slim thickness of just 4 mm, making it easy to handle without compromising strength. Thanks to its advanced HD Mineral Core, the panels are 100% waterproof and highly resistant to everyday impacts. The core technology blends flexible polymers with the natural hardness of rocks and minerals, delivering outstanding durability, dimensional stability, and long-lasting performance even in demanding environments.

4 mm THICKNESS

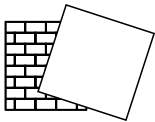

EASY TO CLEAN

TRANSFORM YOUR SPACE IN HOURS, NOT DAYS

Installation is designed to be quick and hassle-free, allowing the wall to be completed in just one day. Panels can be installed directly over existing tiles, eliminating the need for demolition or lengthy preparation. An innovative locking system ensures precise alignment and a secure fit, while requiring only minimal tools – making installation efficient, clean, and cost-effective.

EXTRA LARGE

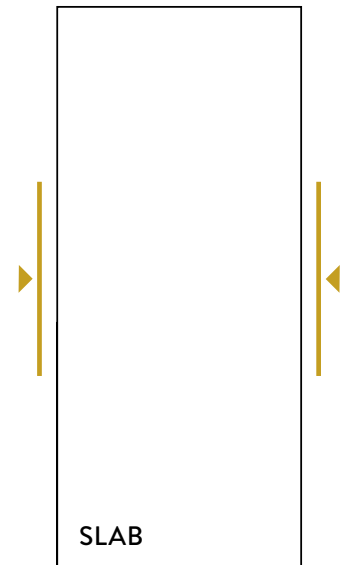

Large formats work effortlessly in **residential settings as well as commercial spaces**, adapting to diverse design needs. The reduced number of joints results in a smooth, uninterrupted look that elevates the perception of the interior.

TILE
1200 x 600 mm

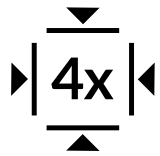

EASY LOCK

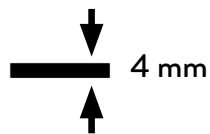

Developed with both performance and ease in mind, the system uses two- and four-sided locking mechanisms to achieve clean alignment and long-term stability. Carefully engineered joints, supported by a dedicated silicone groove, ensure effective waterproofing and dependable resistance to humidity.

2-sided
SEAMLESS BEVEL

4-sided
DECOBEVEL

ULTRA-THIN 4 MM DESIGN

– maximum durability with minimal thickness.

DECOBEVEL

The TILES format features joints that visually echo classic ceramic grout lines, delivering a realistic, tile-inspired finish.

STRUCTURED TO INSPIRE

Choose from three distinct surface structures to bring your vision to life.

01 CONCRETE
A raw, mineral look that brings a modern, architectural feel.

02 HIGH GLOSS
A smooth, glossy surface that reflects light and enhances elegance.

03 EIR WOOD
Natural wood-inspired texture that adds warmth and timeless comfort.

04 STRIPES
Subtle linear detailing that adds rhythm and contemporary character.

CAREFULLY CURATED COLLECTIONS

Our décors are carefully selected to present a diverse mix of textures, colours, and finishes, opening up endless ways to shape interiors that feel truly personal.

STONE

Rooted in the beauty of natural stone, these designs reinterpret marble, sandstone, limestone, and travertine to deliver lasting sophistication to any interior.

PURE

A refined expression of simplicity, featuring monochromatic décors and subtle tweed-inspired textures that bring understated depth and elegance to wall surfaces.

RAW

Minimalist with an industrial edge, this collection embraces the raw character of concrete, making it ideal for bold, contemporary interiors.

WOOD

Warm, natural wood tones create a welcoming and comfortable atmosphere, bringing a sense of authenticity and timeless appeal to interior spaces.

PROFILES. ESSENTIAL ACCESSORIES FOR A PERFECT WALL FINISH

We offer a range of installation accessories designed to ensure precision, durability, and ease of use. These include inner and outer corner profiles as well as finishing profiles, each tailored to meet the demands of both residential and commercial spaces.

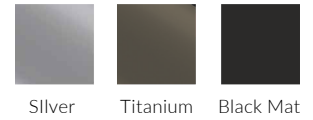

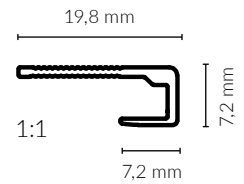

Profiles simplify the installation process, allowing for adjustments during setup, covering edge imperfections, and protecting corners from water infiltration and wear. By combining functionality with design, these accessories not only enhance the practicality of your walls but also ensure a clean, polished, and professional look.

HD MINERAL CORE[®]
VINYL FLOOR

ACULAY FLOORS

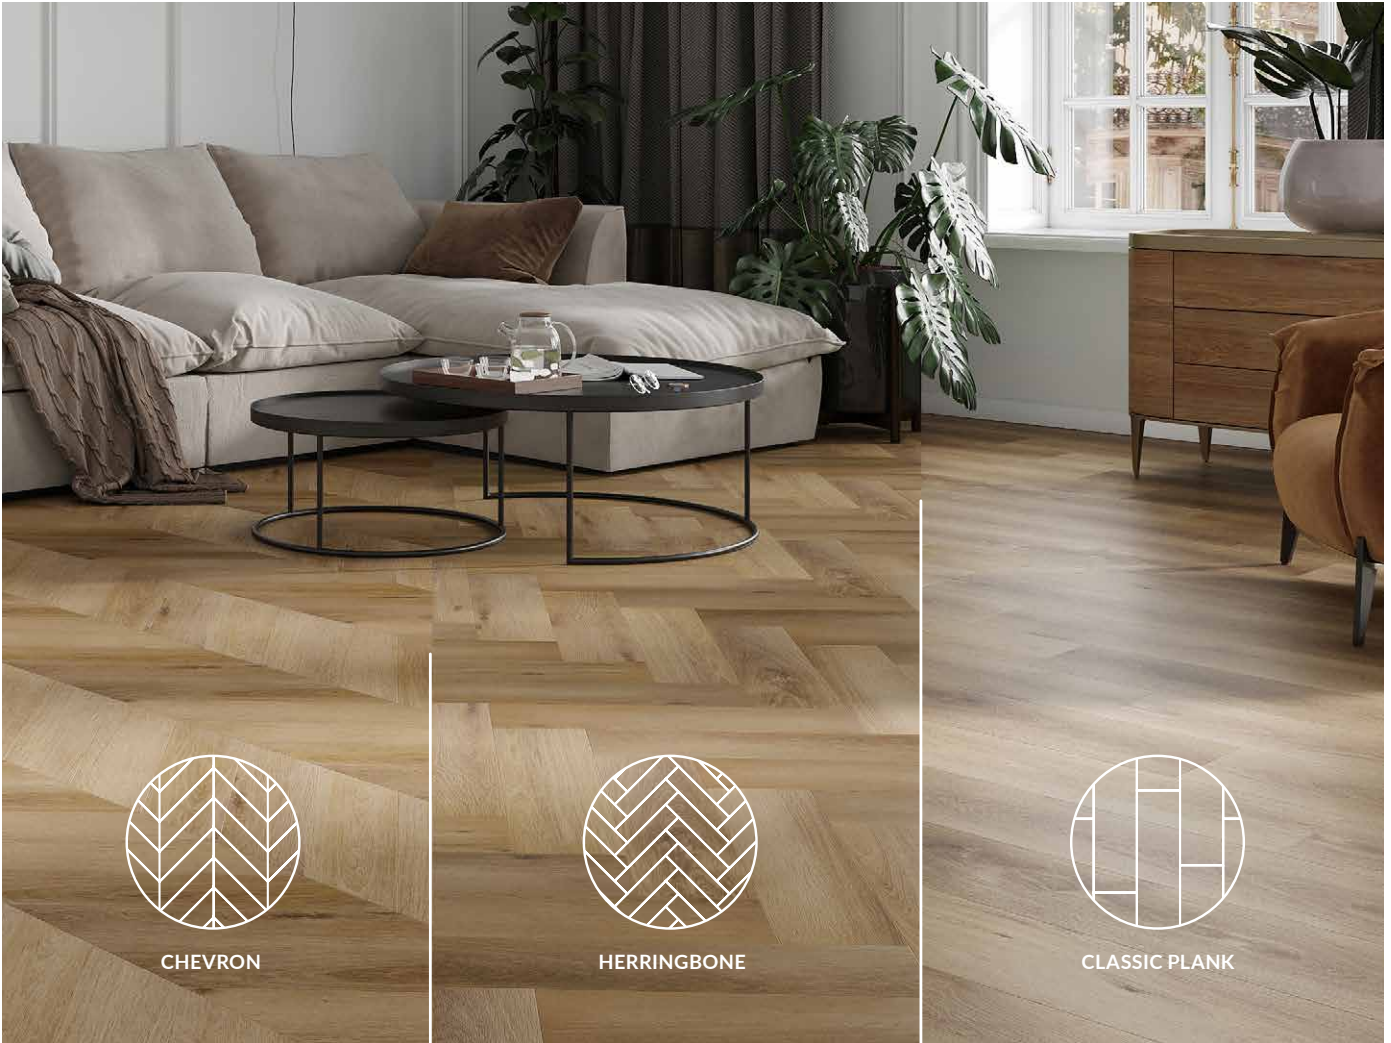

Our Acoustic flooring collections combine European craftsmanship with the expertise gained through years of collaboration with our customers. The proven technology used in the ACULAY layer has gained recognition not only from our long-standing partners, but also from new customers entering completely different markets. We are extending the availability of floors with acoustic layer to three collections, providing wider access to this innovative solution.

Providing sound insulation at a level of 21 dB (10 dB Δ Lin), this innovative solution features unique cell shapes and patented embossing, effectively dispersing sound waves to deliver exceptional acoustic comfort. The durability of this collection has been validated through a 25,000-cycle castor chair test, ensuring the quality and longevity that our clients around the world value.

Available in collections:

CHEVRON

HERRINGBONE

CLASSIC PLANK

SAME COLOR, **DIFFERENT PATTERNS**

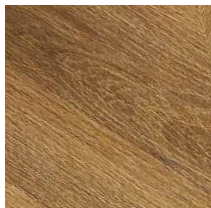

Afirmax Smart Flooring sets a new standard in interior design, offering the same elegant oak shades in three key formats: Herringbone, Chevron, and classic plank. This versatility allows customers to create diverse flooring layouts while maintaining a consistent color palette, enabling smooth transitions between rooms and ensuring visual harmony across spaces. This is the essence of Smart Flooring – a solution that adapts to your vision, combining timeless style with top-level design flexibility.

DESIGN BEVEL NEW LOOK

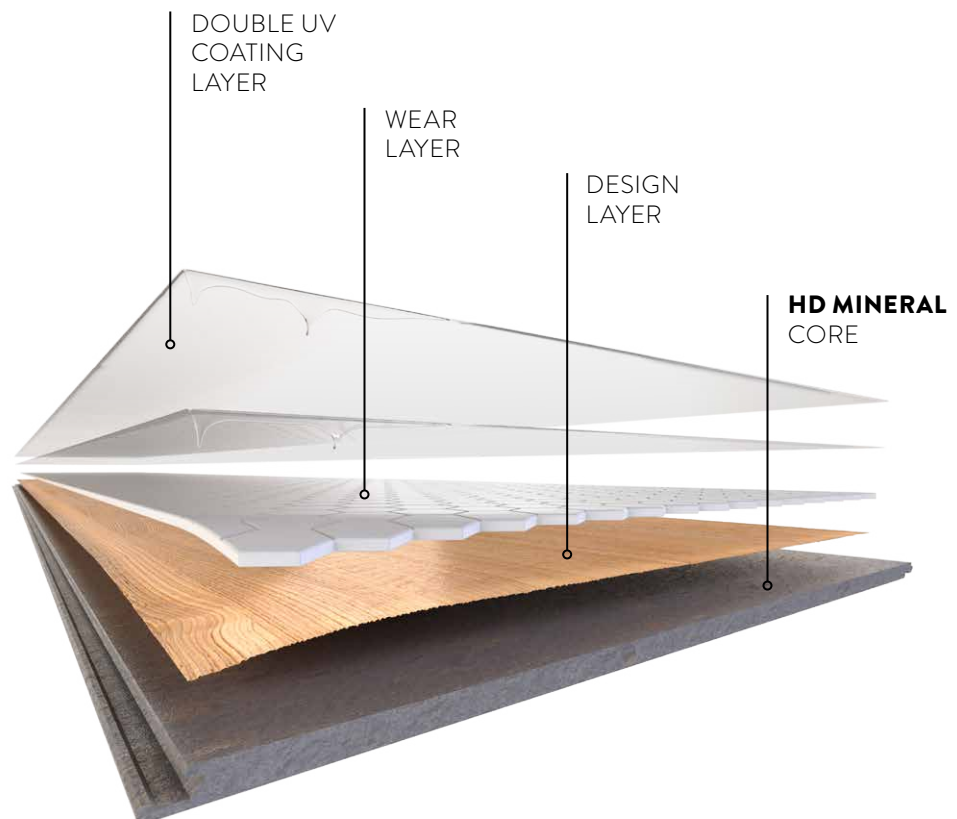

This high-quality imitation of natural wooden flooring creates a warm and inviting atmosphere, embodying the standards set by Afirmax. The bevel, available in the Legnar Ultra and Legnar collections, has been carefully designed to reflect the most sought-after and preferred solutions in the flooring industry. Its thoughtful design enhances the authentic appearance of the floor, seamlessly blending practicality with style.

HD MINERAL CORE[®]

Building on the same advanced **HD Mineral Core[®]** technology, our flooring solutions are developed through extensive laboratory research to achieve peak performance under intensive use. This precision-engineered mix ensures the flooring's peak performance and unparalleled durability. Proudly, our **HD Mineral Core[®]** stands out for its absence of phthalates and any plasticizers, highlighting our commitment to environmental safety and quality.

Additionally, this groundbreaking technology secures a **15-year warranty** on our flooring, alongside superior thermal conductivity, making it the premier choice for underfloor heating solutions.

STIQ XL WOOD

ARBITON ACCESSORIES SKIRTING BOARDS

STIQ is an environmentally friendly and waterproof skirting board made entirely from high-density polystyrene. This versatile material is often used in products like packaging, toys, and insulation for buildings. Free from chlorine and PVC, STIQ prioritizes safety and sustainability. What makes it truly innovative is that 80% of its composition is derived from recycled materials, making it a standout choice for eco-conscious design.
